

Bay Park

Starting Point

Position

1 car away & parallel from end of parking bays

½ car length past reference point

Signal

Left indicator – when stopping (if required).

Reverse lights – ASAP

Mirrors

Can be adjusted down if required

1st Part

P – Prepare in reverse gear

O – Observe all round – look over left shoulder

M – Move – slowly – old man's walking speed

2nd Part

When at reference point

Observe up & down road – front will swing out

Full lock to the left – whilst still moving slowly

3rd Part

Just before parallel to lines

1 1/2 turns to the right – to straighten wheels

Finishing Position

In middle of bay – Left/Right Forward/Backward

Secure car – Handbrake – Neutral

PUT THE MIRROR BACK (If moved)

Other Road Users (inc pedestrians)

Stop – allow to pass

Slow Speed – Good Observation
